BUSHRA KHATUN

ENGINEERING MANAGEMENT | OPERATIONS & PROJECT MANAGEMENT | PROCESS IMPROVEMENT

Operations and leadership professional with extensive experience across technology-enabled services, operations management, learning and development, customer experience, and process improvement. Graduate education in Information Technology Management and current study in Engineering Management support a career focus connecting people, processes, technology, quality, and operational performance.

PROFESSIONAL EXPERIENCE

Operations Head - Support Team | Global University Systems

Nov 2020 - Nov 2023 | India | Hybrid

- Led and supported cross-functional teams responsible for operational performance, customer support, employee development, and organizational objectives.
- Managed performance through coaching, evaluations, appraisals, delegation, and structured development initiatives.
- Designed and delivered training sessions, webinars, and learning initiatives to strengthen employee capabilities.
- Collaborated with stakeholders to improve processes, resolve operational challenges, and support service delivery.
- Used reporting, forecasting, and Power BI analysis to identify trends and support data-driven decisions.
- Contributed to continuous-improvement initiatives supporting operational efficiency and team effectiveness.

Client Relationship Team Manager | Google

Jul 2014 - Sep 2020 | India | On-site

- Managed client relationships and supported day-to-day account operations within a digital advertising environment.
- Led team performance through coaching, quality monitoring, operational guidance, and performance management.
- Worked with clients and internal stakeholders to understand requirements, resolve service issues, and strengthen customer experience.
- Supported digital marketing and Google Ads-related activities and collaborated across teams to improve service delivery.

Team Manager | Dell Technologies

Mar 2012 - Jun 2014 | Hyderabad, India | Hybrid

- Supported team operations, employee performance, customer service, and process execution in a technology-enabled environment.
- Coached team members, coordinated operational priorities, and supported quality and service-delivery objectives.
- Worked across teams to resolve issues, improve workflows, and maintain consistent operational standards.

Senior Training Manager | Abigya Training and Consulting

Oct 2010 - Mar 2012 | Hyderabad, India | Hybrid

- Designed and delivered training in communication, soft skills, process knowledge, and professional development.
- Supported Train-the-Trainer activities, employee development, recruitment coordination, and client training requirements.
- Worked with client programs including HSBC, United Health Care / Optum, Cognizant, and Tata Consultancy Services.

Sales Associate | Iksha IT Solutions Pvt. Ltd.

Jan 2009 - Sep 2010 | Hyderabad, India | On-site

- Supported sales operations and customer interactions for the Bell Canada client process.
- Contributed to sales execution, customer service, and quality-management activities.

SELECTED STRENGTHS

- Leadership, coaching, learning and development, stakeholder coordination, and cross-functional collaboration.
- Operations, process improvement, quality management, project management, supply chain concepts, and data-driven decision-making.
- Microsoft Excel and Power BI reporting, with experience translating operational information into actionable insights.
